

Erasmus Plus Project : Smarter...Greener...Safer...

*Istituto Comprensivo Madonna della Camera
di Monteparano*

Happy Earth Day from our children...

Primary School "De Gasperi" of Istituto Comprensivo "Madonna della Camera"- Monteparano- Italy

In the same day the kindergarten children have done some preliminary work to learn about water and water cycle. They have learnt and done some experiments with water and spoke about water pollution. Another great topic to learn about how to become "Smarter...Greener...and Safer.."
Nursery School of Istituto Comprensivo "Madonna della Camera " - Monteparano.
Thanks to our singer songwriter :
Mr. Little Piere who enjoyed our kids with his beautiful music and songs about water and nature.
